

Speak with the world

Easy Speak

www.easy-speak.today

Easyspeak (www.easy-speak.today) is a simple gateway to 10 European and non-European languages (Arabic, Chinese, English, French, Greek, Italian, Japanese, Korean, Portuguese and Spanish).

- see the translation and hear the correct pronunciation of over **1000 words and phrases** in **10 different languages**
- find specific glossaries for **business and life science**

The site is totally free to use and allows you to learn basic words and phrases for general and business conversations. It contains a whole set of life science vocabulary for professionals in the sector.

The project has been funded with support from the European Commission.
